

Nokia E61

Multi-tasking business functions on the move.

- Push email for an 'always on' connection
- Supports Microsoft Word, PowerPoint and Excel (Microsoft Office™ 97, 2000, XP and 2003)
- Large screen and full QWERTY keyboard with auto lock
- High speed data with 3G performance
- Offline mode – read and write email even when network is unavailable
- Integrated handsfree speaker
- Good for constant use – over 9 and a half hours of talktime
- Bluetooth™ for hands-free and PC connectivity

The easy-to-use sleek Nokia E61 is the perfect business tool for mobile email and voice calling. Its large, advanced high-resolution screen shows images sharply and reduces scrolling. High speed 3G data connectivity means you can quickly access and view documents. It supports the most common features of Microsoft Word, PowerPoint and Excel (Microsoft Office 97, 2000, XP and 2003) and is compatible with Zip Manager and Adobe Reader. You can multitask by sending and receiving emails while you talk on the phone. You can also read and write email offline when the network is unavailable.

The Nokia E61 synchronises with your office PC with push email technology, enabling you to access up-to-date calendar and contact information in either Microsoft Outlook or Lotus Notes.

Who will use it?

Mobile executives and professionals who regularly spend time out of the office and need to view and compose email on the move.

Why buy?

With easy email and the ability to review documents, spreadsheets and presentations, the Nokia E61 is the ideal device for power users on the go.

It also has excellent calling capabilities, with voice activated dialling to give you a truly hands-free experience and voice commands for menu short cuts, keypad lock and profiles. When you need to keep your hands free on the move the Nokia E61 is your perfect business partner.
